QUALITY, NAKHL GOLD PRIORITY

Date quality is not limited to appearance alone; taste, texture, freshness, health, and storage conditions all play a role in the final product quality.

At Nakhl Gold, we strive to offer products that meet market and customer needs in terms of quality and sensory characteristics.

KEY FEATURES TO CONSIDER WHEN CHOOSING DATES:

TASTE AND AROMA

Delicious dates with a naturally sweet aroma.

SUITABLE TEXTURE

Texture and ripeness are important for delivering the desired product quality.

APPEARANCE

Choose a product with a consistent appearance, suitable for commercial presentation.

HEALTH AND STORAGE

Pay attention to proper storage and handling conditions to preserve product quality.

QUALITY YOU CAN TRUST.
